April is Child Abuse Awareness Month and CFPA has put together this interactive infographic to help bring awareness of child abuse as well as provide valuable resources to share prevention efforts. Each area below is CLICKABLE and will lead you to further information about the topic!

**C.A.R.E. CHILD ABUSE RESOURCES & EDUCATION**

**About 1 in 7 Children**

About 1 in 7 children experienced child abuse and neglect in the last year.

**Myth:**

Child sexual abuse is a rare experience happening to a very few children of poor backgrounds.

**Fact:**

Child sexual abuse cuts across all ethnic, economic, and social lines. If the present trend continues, as many as one in five children will be sexually abused before they reach age 18.

**90% of Abused Children**

90% of abused children know their abusers.

Source: DarknessToLight.org

**A report of child abuse is made every ten seconds.**

In 2014 alone, state agencies found over 702,000 victims of child maltreatment, the equivalent of packing 10 modern football stadiums.
