Each year during the holiday season, generous members of our community purchase gifts for families in need that we serve. A “family” may be a single person, a senior or a parent and children. Donors can determine what size family they would like to help.

If you would like to be involved with “Adopt Our Families” this holiday season or would like more information, please contact Grace Fritz at (309)691-0551 or gfritz@centerforpreventionofabuse.org no later than **Monday, November 7**.

Turn in the **unwrapped** gifts to CFPA by **Friday, December 2** in order for us to distribute them to our families. Gift bags and tissue paper donations are always appreciated.

If you do not want to “Adopt a Family” but still want to donate, consider items off of our General Wish List. Please consider all ages and genders when shopping.
